## GEOGRAPHY OF PARTICIPANTS

## PROFESSIONAL PROFILE OF PARTICIPANTS

## INDUSTRIAL PROFILE OF PARTICIPANTS

## SIGNIFICANCE OF THE CONGRESS

CONDUCTING THE CONGRESS HAS BECOME A DRIVER FOR ATTRACTING INVESTMENTS, EXPANDING INTERNATIONAL TIES, AND STRENGTHENING THE STATUS OF PRIMORYE AS THE LEADING MARITIME REGION OF THE COUNTRY.

- Growth of the region's investment attractiveness
- Attraction of new partners and orders for Primorye's enterprises
- Development of personnel potential and educational programs
- Strengthening Primorsky Krai's position as a center of shipbuilding and logistics for Russia
- Increasing the region's recognition at the federal and international level

THE EVENT CONTRIBUTED TO THE FORMATION OF NEW COOPERATION CHAINS, THE DEVELOPMENT OF INDUSTRY AND BUSINESS TOURISM, WHICH HAD A POSITIVE IMPACT ON THE REGION'S ECONOMY.

## THE MARITIME CONGRESS – RUSSIAN FAR EAST 2026

will become the key platform for developing strategic decisions aimed at the comprehensive development of the maritime industry of the Far Eastern Federal District and Primorsky Krai.

### 1 Uniting the Regions of the Far East

Invitation to participation of 11 regions of the Far Eastern Federal District. Discussion of pressing regional issues, finding solutions and fostering cooperation: shipbuilding, fishing fleet, ship repair, shipping, port infrastructure, implementation of modern technologies in the industry, logistics, water tourism, expansion of export capabilities, and other directions.

### 2 Construction of a New USC Shipyard

Launch of a large-scale project to create a modern shipbuilding yard. Strengthening the region's production potential.

### 3 Creation of a Shipbuilding Cluster

Creating conditions for cooperation among industry enterprises. Development of innovative technologies and increasing competitiveness.

### 4 Development of the Fishing Fleet

Modernization and renewal of vessels.

### 5 Personnel Policy

Attracting, retaining, and training specialists for the maritime industry of Primorsky Krai.

### 6 Development of Cruise Tourism

Development of new tourist routes. Attracting investments and developing infrastructure for water tourism.

## PRIMORSKY KRAI

Shipbuilding, ship repair, coastal infrastructure, innovation, marine robotics, international cooperation, maritime tourism

- Construction and modernization of shipyards in Primorsky Krai
- Improving the competitiveness of Primorsky Krai shipbuilding enterprises
- Investments in the creation of new coastal infrastructure facilities in Primorsky Krai
- Innovative solutions in maritime logistics
- Implementation of plans to renew the fishing fleet in Primorsky Krai
- Promising domestic materials and technologies for shipbuilding and ship repair
- Potential for growth of maritime tourism in Primorsky Krai
- International scientific and technical cooperation in the maritime industry
- Availability of developments and potential applications of marine robotics and unmanned systems
- Role of small businesses in the development of shipbuilding and ship repair

## SAKHALIN REGION

Offshore development, ship recycling, terminal modernization, unmanned technologies

- Integrated approach to increasing the efficiency of offshore development
- Oil and gas projects and investments in deep-water complexes
- Ship recycling and environmental protection
- Port infrastructure and modernization of Sakhalin terminals
- Advanced unmanned technologies for the maritime industry

## AMUR REGION

Cross-border cooperation, development of inland waterways, interregional logistics

- Prospects for cross-border cooperation between Russia and China on the use of the Amur River basin
- Strategy for modernizing Amur ports and increasing cargo flows along inland waterways
- Modern navigation support and vessel traffic management system in the Amur basin
- Dredging and environmental safety of inland waterways in the Amur Region

## KAMCHATKA KRAI

Fishing fleet, ship repair, logistics, ecology

- Prospects for the development of the fishing fleet in Kamchatka Krai
- Creation and modernization of ship repair facilities in Kamchatka
- Upgrading port infrastructure and improving transport accessibility
- Disposal of old vessels and fleet renewal in Kamchatka Krai
- Environmental monitoring and water resource safety on the Peninsula

## KHABAROVSK KRAI

Shipbuilding, interregional integration, transport corridor development

- Prospects for modernizing Khabarovsk shipyards and integrating with neighboring regions
- Optimizing ship repair and introducing innovative solutions in the construction of civilian vessels
- Organizing interregional freight transportation along Russian rivers in Siberia and the Far East

## MAGADAN REGION

Navigation safety, ship repair, offshore development, Northern delivery

- Ship operation safety in difficult climate
- Development of ship repair bases in the Magadan Region
- Development of offshore areas in the Sea of Okhotsk and creation of specialized fleet
- Northern delivery: improving supply reliability and availability

# HR CONFERENCE AND CAREER DEVELOPMENT CENTRE

## EFFECTIVE TOOLS FOR SOLVING PERSONNEL TASKS AND PROMOTING MARITIME INDUSTRY PROFESSIONS

### HR Conference "Personnel for the Maritime Industry: Challenges and Solutions"

The HR Conference sessions are dedicated to issues of attracting, retaining, and developing specialists in the maritime industry.

#### Key topics:

- Personnel needs and government initiatives.
- Modern training and motivation methods.
- Successful human resource management case studies.

### Career Development Center

An interactive platform for direct communication between employers, professionals, and students.

#### Key features:

- Search for highly specialized candidates during the Congress days in a simple and convenient manner.
- Use of terminals to collect candidate contacts and automatically send them information about the employer company.
- Consultations with career guidance psychologists, real-time interviews.

# EXHIBITION

## LEADING ENTERPRISES OF THE MARITIME INDUSTRY

- Leaders of Russia's maritime industry
- Far Eastern enterprises: ports, shipbuilding clusters, logistics hubs

## NATIONAL SCALE

Maritime regions of the Russian Federation:  
from Kaliningrad to Kamchatka

## GLOBAL PARTNERSHIP

- International companies: technologies, investments, innovations

## EXHIBITION POTENTIAL

**5000 m<sup>2</sup>** – space for dialogue and demonstration

**100+ exhibitors** – from startups to corporations

# SPECIAL EVENTS

- Exclusive events for business leaders and top management
- Business breakfasts
- Closed-door sessions
- Press conferences

- Gastronomic master classes and seafood tastings

**YOUTH MARITIME FORUM — A UNIQUE PLATFORM FOR STUDENTS, YOUNG RESEARCHERS, AND PROFESSIONALS, AIMING FOR CAREER DEVELOPMENT IN SHIPBUILDING, SHIPPING, AND MARINE TECHNOLOGIES.**

## EVENT OBJECTIVES:

- Attracting young people to the Russian maritime industry, promoting careers in shipbuilding and shipping
- Creating conditions for professional growth, knowledge exchange, and the implementation of innovations
- Strengthening cooperation between educational institutions, research centers, and industry enterprises

## BENEFITS FOR PRIMORSKY KRAI:

- Creation of a personnel reserve for the region's maritime industry
- Drawing attention to the Far East's potential in shipbuilding and shipping
- Accelerating the implementation of innovations and technologies in the regional economy
- Strengthening the image of Primorsky Krai as a center of maritime science and technology

## Higher Education Institutions of Primorsky Krai:

- Far Eastern Federal University (FEFU)
- Admiral G.I. Nevelskoy Maritime State University (MSU)
- Vladivostok State University (VSU)
- Far Eastern State Technical Fisheries University (Dalrybvuz)

## Secondary Specialized Education Institutions of Primorsky Krai:

- Vladivostok Maritime Fisheries College
- Nakhodka Maritime Technical College
- Far Eastern Shipbuilding College (Bolshoy Kamen)
- Primorsky Polytechnic College
- Branch of the Primorsky Aviation College, FEFU

# INTERNATIONAL COOPERATION

## COOPERATION WITH INTERNATIONAL PARTICIPANTS TO ATTRACT INVESTMENTS AND TECHNOLOGIES TO THE MARITIME INDUSTRY OF PRIMORSKY KRAI AND THE FAR EASTERN FEDERAL DISTRICT

TARGET COUNTRIES:

China

India

Republic of Korea

UAE

Vietnam

As part of the previous Maritime Congress, a unique venue brought together the largest manufacturers and suppliers interested in establishing cooperation with Russian companies, offering guests a range of cultural experiences, including tea ceremonies.

### ATTRACTION METHODS:

- Engaging international agents
- Cooperation instruments with trade missions
- Partnership with industry associations
- Targeted mailings and official invitations
- Participation in international exhibitions and presentation of the Congress's opportunities at specialized events abroad.

# INVESTMENT PROJECTS

- Presentation of key investment projects in the area of shipbuilding, ports, and logistics in the Russian Far East
- Special session of the Business Programme
- Dedicated platform for investment project work

# NETWORKING

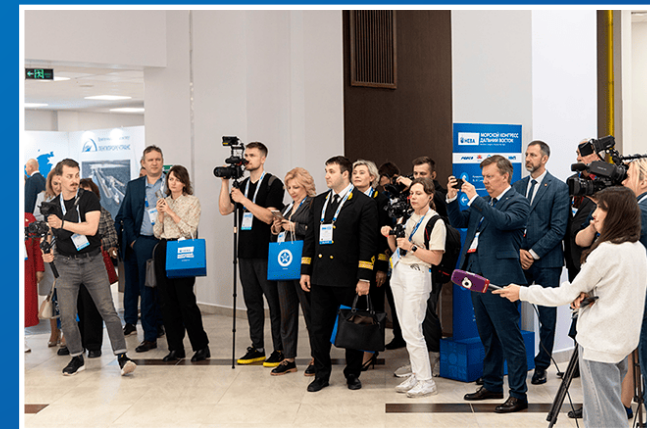

## COMMUNICATION SPACES:

- Marine Business Lounge
- Business Matchmaking Center
- Supplier Day hosted by leading enterprises
